Introducing **RE/MAX University**. Where Agents Learn More to Earn More.

RE/MAX® has long been known as the “Home of the Best Agents®.” Our sales force boasts the most professional designations and sells more real estate than anyone else. Now we’re taking all of our collective knowledge, innovation and proven methods of success and bundling them together into the RE/MAX University – your doorway to the future.

RE/MAX University allows you to learn from the masters, so you can begin earning more right away.

Every day you’ll receive the latest on how to increase your client base and enhance your marketing, delivered to you through your choice of platforms.

- Training On Demand lets you watch streaming videos and download audio tips to your computer, iPod and MP3 player. This virtual campus is open 24/7 and contains continually updated material that will change your life and the way you do business.

- The RE/MAX Satellite Network gives you the opportunity to achieve valuable professional designations, get motivated and learn more to earn more through the convenience of your television. Unique to the industry, RSN is available free-of-charge to RE/MAX offices, or you can beam it right into your home.

- The RE/MAX Global Education Center offers hands-on, person-to-person training at our Corporate Headquarters. Trainers and coaches also come to you in selected venues across the country and around the world.

No one has the content or the connectivity to compete with RE/MAX.

I’d enjoy giving you a demonstration. Give me a call today!
